VOL. XXXIII ALBANY, CALIFORNIA Wednesday, Jan. 31, 1968 150 NUMBER 21

**My Word!**  
Irene Freeman, who has been secretary to the principal of the school for 17 years, plans to retire the end of February. She's the wife of Albany Police Inspector Vern Freeman.

**HEAR ALBANY ROTARIANS**  
had a splendid time on their annual Reno trip Sunday and Monday. About 650 members (no women) took over 22 railroad cars for the big safari. They report lots of fresh snow in the mountains.

**OUR WEATHERMAN**, George Bernard, says we had 3.5 inches of rain, snow or whatever from Friday to Tuesday morning. The total for the season, which began last July 1, is 13.5 inches, way under the 23 inches dumped on us in the same period last year and about in line with the normal season average of 16 inches for the year.

**WHAT FUN** we've had around the office since we ran the item about "Vest Pocket Al" and the "Jim Beam Bottle and Specialties club." Al, who prefers to be known as "The Fox," is Al Cernara of 139 Arlington Ave., who started his organization at Security Savings and Loan in Albany a few years ago. They now have about 100 members locally, have outgrown Security Savings and Loan at San Francisco Federal Savings and Loan in Berkeley. We're going to have a story about him soon. Watch for it.

**ONE OF THOSE** who reported who Al is was Mrs. Ben A. Sahlin of 1070 Peralta, who met him through longtime friends in Mason City, Iowa. She adds he signs his letters "Beamingly Yours," and won our hearts completely by adding that as a former newspaper woman, she notices that the Times has fewer typographical errors than any paper she reads!

**MAY ELLIS AND HAROLD OLSON** have heard from a couple of our servicemen thanking them for Christmas packages. Jim Mestas reported his package arrived about Jan. 15 (Continued on Page 3)

## Enthusiasm Marks Opening Of Y Membership Campaign

The annual Albany YMCA membership campaign opened last Thursday noon under the direction of William L. Rothschild, Jr., general chairman. Leaders of two divisions of volunteers are Carl Lindh and Clay Berling.  
High good humor and enthusiasm marked the occasion as the opposing captains challenged each other on the basis of Century Club memberships, money raised and memberships enrolled. The goal for 1968, Rothschild said, is \$3,500 and 275 members.  
With a record 11 Century Club members now, it was hoped to enroll four new Century Club members.  
With that, Rothschild presented his check for \$100, adding they now need only three more.  
Captains and workers in Lindh's division are:  
WALTER KEES, Bernice Boyd, Bob Woolworth, Bill Lee Williams and Fred Lennox.  
RALPH JENSEN, Jim Turner, Gerald Martin, Don Chelemedos, Walter Sears, Stanley Saniuk, BUD ROONEY, Richard McSheehy, Ted Valli, William Lacy, Hubert Call.

John Carhart, executive secretary of the Albany Y, instructed workers.  
Luncheon was served by Mrs. Carhart.  
The next report meeting will be Feb. 1, followed by the final meeting Thursday, Feb. 8.

STATE HUMANE OFFICER Paul R. Hurych presents certificates of appreciation to Firemen Mike Koepke, left, and Richard Courtney, third from left, for "action beyond the call of duty" in rescuing "Snoopy," in Koepke's arms on Dec. 30, when the Lewis Westbrooke home was gutted by fire. Firemen first rescued four children, including Valerie, 14, second from left, and Mrs. Westbrooke. Then Firemen Courtney and Koepke returned to the home and rescued "Snoopy," who was overcome by smoke. They applied the inhalator to revive the dog. —Albany Fire Dept. Photo.

She was born Dec. 18 to Frank and Abby Jeans of Canton, Mass. She has a sister, Debra, four. Her daddy is executive assistant to the publisher of the Quincy Patriot-Ledger. Frank has written his folks, complaining about the snow back east. So Martha sent him the clipping from the Tribune showing the snow in Kensington Saturday.

## Council Sets Record: 14 Minute Session

Albany City Council set a record Monday night by adjourning in 14 minutes. Those who arrived late almost missed the meeting.  
With Mayor Richard Clark and Councilman George Hein absent, the meeting was conducted by Vice Mayor Joe Carlevaro.  
Council went on record opposing Western Pacific railway's request to eliminate the "California Zephyr," and asked City Attorney Larry Saller to draft a resolution indicating official opposition.  
Referred to a work session at 7 p.m. next Monday, when department heads and employee organizations have been asked to submit written recommendations, were two proposed charter changes—one on disciplinary actions and the second on changing pension board meetings.

A resolution commending members of the Albany Fire Department for "heroic and unselfish efforts" and for "continued excellent service to the citizens of Albany" passed unanimously. The resolution was proposed last week to pay tribute to firemen for their rescue of five persons and a dog when the Lewis Westbrooke home was gutted by fire.

## Sensational Film for High 12

A sensational documentary picture, "Anarchy in America," will be shown at the meeting of Albany High 12 club at Kirby's Friday noon, Feb. 2.

President Herbert Rounds has urged members to arrive early because of the length of the film. The picture was shown to police chiefs of Bay Area departments earlier. It was secured for High 12 by President Rounds, a sergeant in the Berkeley Police Department.

## Testimonial For Mulford At Goodman Hall March 1

Assemblyman Don Mulford, chairman of the Republican caucus of the California Assembly, will be honored March 1 at a testimonial dinner-dance at Goodman Hall in Jack London Square.

Stanley E. McCaffrey, president of the San Francisco Bay Area Council, is general chairman of the event.

"This has been a spontaneous thing," McCaffrey said. "A number of us feel that Assemblyman Mulford deserves this special tribute for his 10 years of service to the Bay Area and the People of California. There is no question that during his decade of service, Assemblyman Mulford has built a distinguished record in Sacramento."

"The district-wide nature of his recognition is indicated by the outstanding community leaders who are sponsoring this testimonial."

The sponsors are Senator Lewis F. Sherman (R-Alameda County); Supervisor Robert E. Hannon, chairman of the Alameda County Board of Supervisors; Mayor John H. Reading of Oakland; Mayor Wallace Johnson of Berkeley; Mayor H. Dean Hoskins of Piedmont; former United States Senator William F. Knowland, publisher of the Oakland Tribune; Warren Brown, Jr., publisher of the Berkeley Gazette; and Tom Berkeley, publisher of the Berkeley Post.

Interested members of the public are welcome to attend either session, says Mrs. Douglas McConnell, training chairman.

Approximately 1,000 volunteers donated nearly 77,000 hours of their time last year to the widely diversified activities of the Berkeley chapter, according to Mrs. Lewis Giegerich, chairman of volunteers.

"Because of the increased needs of the men in Vietnam, we will need even more help this year," Mrs. Giegerich said. "A variety of talents, from driving a station wagon to visiting with elderly shut-ins are in demand. Come to the meeting and find out what Red Cross is all about and where you would fit in."

## Mayor's Committee on Youth Urges Early Nominations

The Mayor's Committee on Appreciation of Excellence in Youth urges citizens of the community to submit nominations as soon as possible for outstanding young people in the fields of Creative Achievement (the arts, musical composition, literature, science and the vocational arts) and Volunteer Service.

The gay and colorful nomination forms are available at all secondary schools, all recreation centers, all Berkeley libraries, the office of the Mayor and the Board of Education switchboard, 1414 Walnut Street. The filing date for the two categories is Feb. 15 and instructions for filing are on the nomination form. Further information can be obtained by calling the Mayor's office.

In order to receive an award, a student must attend a Berkeley school—public, private, or parochial but need not be a resident of Berkeley. Scholarship nominations are made by the schools. Awards are made in the Junior division (grades 7, 8, 9) and the Senior division (grades 10, 11, 12). The top Senior division

award in each of the three categories is an all-expense paid trip to our National Capitol and United Nations.

These annual awards are possible through the generous support of the City of Berkeley service clubs, business firms, and concerned Berkeley citizens, who feel that

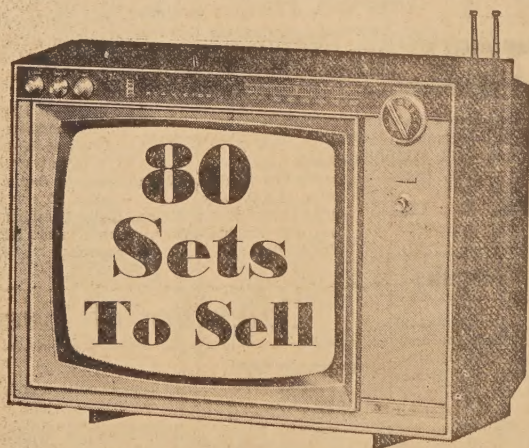

excellence in youth should be recognized and dramatically rewarded. The 1968 awards program will be held on Thursday, March 7 at 7:30 p.m. in the Berkeley school cafeteria. At that time, adults, who themselves are standing citizens of the city, will recognize the merits of the students and the awards.

## Barito Soccer Team Loses to Hayward

Looked like "easy pickings" the Albarito intermediate soccer team (ages 12-15) scored two goals Jan. 20 against the Hayward Chargers in the Alameda Contra Costa Intermediate League. Unfortunately the Chargers got "charged" to come strong and defeat the local 7-2. Our two goals were scored by Lauri Rissanen and Khalid.

A special program was on tap Saturday, Jan. 27, at the Cerro Vista field in El Cerrito with a double header. Little Leaguers are to do battle with another group of 8-12 year olds about 10 o'clock. Intermediates were set to go off at 11 a.m. and play the Oakland Americans. Finally, at 7 p.m., Albarito Juniors met the Diamond Rebels.

Parents and friends are invited to watch the action. Who knows? The someday one of these boys will play in the real World Series of International Soccer. It never too late to enter team. Call Rissanen, 524-4579 or Clarity, 527-0115.

## Statement to the People of Albany:

Due to the fact that there have been changes in my personal life this past year and I will be moving out of the community, I will therefore not be filling for a seat on the Board of Education. I do so with great reluctance.

Serving on the Board of Education during the past two years has been a rewarding and satisfying experience. I have the highest regard for the members of the Board of Education, also for the Administration and the staff, and it has been an honor to serve with these men.

Albany is indeed a fortunate community to have so many dedicated, qualified people working for the best possible quality education for each and every child.

Mrs. Grafton Geering (Kay)  
Member, Board of Education

## My Word . . .

(Continued from Page 1)

(he moved), adding "I want to thank you both from the bottom of my heart. It's good to know that the people at home are thinking of you. . ."

And from John Woolworth: "Thanks a million for the wonderful Christmas package that I received yesterday (Dec. 18) from you. Everything arrived in one piece, even the mints were fresh."

"Right now I'm in the hospital, but should be out around the first of the year. All the guys in my ward enjoyed the mints and peanuts and that cute little tree sure added a lot of color to our ward. I really appreciated your thoughts of me over here. Hope you folks have a Merry Christmas this year."

"Please say hi to all your staff. I know most of them."

"Hope to leave this place in late March or April. It sure will feel good to be home."

"Again, I'd like to thank you very, very much for making my Christmas brighter."

ALBANY'S Parking Enforcement officer handed out 8,239 tickets during 1967. Albany gets about \$1.40 of each \$2 ticket, so

the job's worth to the city is \$11,534.

**IN RESPONSE** to our query about what to do with used magazines one woman said the Volunteers of America will pick them up and another suggested taking them to the clinic waiting rooms at Kaiser hospital in either Oakland or Richmond. Any other ideas?

**HEAR** Jack and Alice Murrow are selling their Albany home and moving to El Cerrito.

**PEOPLE IN TROUBLE** (and unhappily Albany has its share): According to the police bulletin, a 13-year-old Albany boy has been taken to Juvenile Hall for possession of marijuana; an Albany woman, suffering from terminal cancer, took her own life, an eight-year-old carried playing with trains a bit far, uncoupled two cars of the Santa Fe railroad, costing the railroad about \$100 to come back to Albany for the nine cars left behind.

**KIND OF** a bum "welcome home" for Martha and George Hoffelder, owners of Hoffelder's Jewelers at 1131 Solano. They hopped off to Hawaii to celebrate their 40th wedding anniversary and arrived home in time to go

to the store and check for missing items after a burglar was caught red-handed in the establishment at 4:30 a.m. Monday.

**LOVE THE** new Peanuts quotation: "I have a new philosophy. I only dread one day at a time."

**HOW ABOUT** the snow in Albany Saturday morning? "Course it doesn't do much for an old Montanan, but our kids had never seen it snow before and it was a thrill of a lifetime for them. They even saved some in the freezer."

**ANOTHER HONOR** for Fireman Mike Koepeke and Richmond Dog Fanciers have awarded them a certificate for "compassion in aiding the best friend of man." The best friend in this case, of course, was the Westbrooke family dog, Snoopy.

**ABOUT THAT**, apparently there are no organized people-fanciers. Dog lovers have honored the firemen for saving the dog—but, gee whizz, they also saved the lives of FIVE PEOPLE!

**MORE PLACES** to take magazines: Oak Knoll hospital and veterans' hospitals. If you can't deliver them yourself, leave them at Berkeley Elks club.

# DIMES-SUPPORTED BIRTH DEFECTS CENTER SIX YEARS OLD IN '68

The first thing new parents about their baby is "What's wrong?"

Kimberly and Louise McCarthy, who are parents of a baby with a birth defect, were born Dec. 9, 1965, at a hospital in Hayward. Fractures of her arms and

der the care of the Oakland Center.

During her first two years of life, Kimberly has suffered between 25 and 30 fractures.

"I've lost track," her mother said. "She's very active but she instinctively seems to know she has to be careful. When a bone breaks, she won't move the limb and cries. That's the way we know she's done it again."

Her parents have accepted the fact that she will probably have to have rods inserted in the bones to keep them straight so that her muscles will develop properly.

Another continuing problem is that the baby's teeth also are brittle and break off. She has had two teeth capped and may have to have all her baby teeth capped. Fortunately, there are dentists at Children's, available to the Birth Defects Center, who are interested in this specific condition.

Kimberly's condition is expected to improve as she grows older.

The tot is one of between 500 and 600 children with serious birth defects who have been treated at the Birth Defects Center since it opened in February, 1962. A fair number of the total have been seen continuously.

In the six years of its existence, the Center has received nearly \$200,000 in support from California and Nevada March of Dimes chapters. It is one of a nationwide network of almost 100 such centers set up by the March of Dimes since it entered the field of birth defects 10 years ago.

For little people with big problems, the Birth Defects Center is ideal. Many victims of birth defects have not one but several difficulties. Instead of being routed from one doctor to another, they enter a world of medical specialists who confer about the case and decide on a sensible program of treatment.

From the beginning, there is the support of the social worker, who realizes the impact on the family of having a child with a birth defect.

The social worker at the Birth Defects Center coordinates the total program with the family. She counsels them regarding their own attitudes, on how the child should be managed and urges them not to forget the normal children in the family, who are often thrust into the background in favor of the sick child. In addition, she informs them of various resources available to them, including financial, school facilities and community agencies.

At the Birth Defects Center, the major concern is for the child as a total being. It is located in a children's hospital, which is child-oriented rather than disease-oriented. It provides multiple services for multiple problems not generally available to families of children with birth defects.

An important service is counseling on the advisability of having another child. Some birth defects are apt to recur in a family while others may not. Dr. Nurock is enthusiastic about the genetic counseling aspect of services rendered.

"There is much we don't know," he said. "Sometimes when we don't know what is wrong, we do a chromosome study on the child. This may include his parents. Occasionally it has proven quite rewarding."

He is of the belief that everything a female takes or does throughout her life may affect her offspring. An obvious example of this was the thalidomide babies in Germany a few years ago.

When asked about LSD, he

IRVIN J. NELSON

Last rites were held Thursday, Jan. 25, for Irvin J. Nelson, 62, a resident of this area for the past 42 years who died in a Berkeley hospital.

Mr. Nelson, an inventory clerk, was a native of Sauk Center, Minn., and resided at 133 Ramona Ave. in El Cerrito.

Deceased is survived by his wife, Mrs. Marie Nelson, and a sister, Mrs. Fern M. Brendon.

He was a member of St. Jerome's Catholic church, Holy Names Society of St. Jerome's, Berkeley lodge of Elks, St. Joseph's Society of Sauk Center.

The Rosary was given the previous night at Ellis-Olson Mortuary in Albany. A High Mass was said at St. Jerome's church Thursday morning after the cortege left the funeral home at 8:30 o'clock. Interment will be in Eden Prairie, Minn.

and a life member of the Cerrito City Club.

Funeral services were held at the Ellis-Olson chapel in Albany Thursday, Jan. 25 at 3 p.m. The services were conducted by Dr. Fred Stripp. Private cremation followed.

PHILIP MILLARICH

Many friends attended last rites for Philip J. Millarich, who passed away Jan. 19, after a lengthy illness. Mr. Millarich, 66, a native of Kremmer, Wyo., had been a local resident for over 20 years.

He lived at 1350 Ada St., Berkeley. Recently retired, he had served as secretary-treasurer of the C. Norman Peterson Company for 25 years. He was active in many organizations, especially Thousand Oaks lodge 478, F&AM, Fred K. Jennings Consistory of Price, Utah, Aahmes Temple of Oakland, Patrons of Albany chapter 550, OES, as well as his church, Lutheran Church of the Cross of Berkeley.

Survivors include his wife, Lil-

WILLIAM BRYDEN

A resident in this area for 50 years and for 35 years the operator of a tavern here known as The Jungle, William P. Bryden, 74, passed away last week at a local hospital.

A native of Oakland, he resided at 534 Kearney St. in El Cerrito.

Mr. Bryden was a 25-year member of the Richmond Aerie of Eagles, a member of the Richmond chapter of the Native Sons

said he has not seen any babies whose defects could be directly traced to LSD, but in his opinion it could very well affect the next generation.

Dr. Nurock believes many birth defects could be prevented by education.

"I think it should go back to the beginning by teaching the elements of living in elementary school," he said. "Most people are poorly informed about what they ought to be doing about their health. Perhaps more time should be devoted to education in this field rather than, for example, driver education, foreign languages or even some of the sciences. It doesn't help you to know 16 languages if you're too sick or too mentally unhealthy to use them."

Community Service Idea By Kentucky Fried Chicken

With all of the problems facing today's community service organizations, fraternal organizations, and social clubs it's a wonder they are still in existence.

These various organizations fill a tremendous need in the community, such as carrying out community development programs, raising funds for needy people and so on.

Yet, with all their valuable importance and assistance to the community, their problems are relatively ignored by the business community. Oh sure, the businessmen donate to a fund raising event held once a year. But what about offering needed services and assistance throughout the year?

Through an intensive survey, the Kentucky Fried Chicken research department found that in all organizations there were three basic needs.

Number one on everyone's list was a good fund raising program that would produce volume.

Number two on the list was an interesting and educational program that was non-commercial and available at little or no cost.

Number three on that list was the demand for a versatile, low cost catering service.

After establishing the problems to be dealt with, Kentucky Fried Chicken formed their own

The luncheon meeting will be held at Serb's restaurant, Albany. Mrs. Jane Stamps, owner of Stamp's School of the Dance, is president of the club.

Group Service Department. The Group Service Department's duties were to fill the three basic needs and offer assistance to all reputable organizations in the community.

Following a thorough research the Kentucky Fried Chicken Group Service Department developed two outstanding fund raising programs which produce both volume and good will, and have met with outstanding success.

An inspirational and educational program was created centering

## CAMP FIRE MINT SALE OPENS IN ALBANY TODAY

ready with a name that, apparently, has a monetary content goes on sale throughout Albany today as Camp Fire Girls of the Codornices sell undertake their only supplemental fund campaign.

The candy is the mint, and, according to Mrs. Albert Mueller, serving as general chairperson for the candy sale, the Camp Girls hope to "make a mint" from the sale of dollar boxes of the candies to support local program activities.

Boxed in colorful red, white and blue boxes bearing the Camp Fire emblem, the mint creams made for the nationwide organization by Miss Sayre of Oakland.

The candies are sold locally one time during the year, since they can be kept for periods of time in a freezer, Codornices Council is urging

local residents to stock up with a supply for future enjoyment.

This year's drive continues through Saturday, Feb. 24. During the sale period, Camp Fire Girls, working in pairs and wearing the traditional red, white and blue service costume of Camp Fire, will make door-to-door calls on their neighbors, basing their sales approaches on the slogan: One box for the table and one for the freezer.

Also, during the sale, sales booths will be set up in various sections of the community, through the cooperation of stores and business firms which have volunteered to help the Codornices Council.

Candy salesmen will include representatives of the four age levels of Camp Fire, Mrs. Mueller said. These include the young Blue Birds, Camp Fire Girls, Junior Hi Camp Fire Girls, and Horizon Club members.

## Senior Girl Scouts Gather Feb. 10-11

The San Francisco Bay Senior Girl Scouts will hold their annual conference at Asilomar on Feb. 10-11. This conference is completely planned by the Seniors themselves.

The Steering Committee, made up of girls representing different areas in the council, serve as committee heads in the planning. Over 200 girls will attend the conference of which about 100 will have participated in the planning.

Many Albany girls are on committees, as well as heading them. Sue Perry, the Northeast Bay's representative to the steering committee, is in charge of publicity. Working with her are Annette Pope, Barbara DeManincor and Lorrie Romo.

Jan Lundberg of Albany and Maureen Wong of Berkeley are on the hosting committee. Lynn Nunes is a member of the discussion leaders committee which is based on teaching the girls how to guide the discussion groups along the most beneficial lines.

## NEW PSYCHOLOGY OF HUMAN BEHAVIOR COURSE OFFERED HERE

A new type of course in the psychology of human behavior will be offered by the Albany Adult school on Thursdays, 7 to 10, starting Feb. 1.

Taught by Dr. Laura Phillips, the course will emphasize human behavior modification centering around the student's own specific problems or those based on family interaction. Following a basic introduction to principles and facts, students will be encouraged to present problems which they may use to work on these problems, but at the same time remain flexible enough to move in the direction which the class as a whole may give to it via a common interest.

Students will be taught to analyze and break down their projects into manageable parts; to work on smaller aspects of a problem rather than to get bogged down in the total complexity all at once. The aim is for each student to achieve some behavior modification he desires for himself and, at the same time, to learn general principles which he can apply further.

Dr. Phillips has been applying a new approach based on a "new look" in psychology to problems of individual and group therapy both in a hospital and a private-practice setting. The approach is basically a teaching one in which clients learn new emotional and behavioral expression and control; communication; relationship development with mates, children, and friends; and the elimination of undesired behavior.

## Mumps Vaccine Soon Available

A vaccine which provides protection against mumps has recently been licensed and will soon be available for use by physicians, according to Dr. Hamlet C. Pulley, Acting Director, State Department of Public Health. The vaccine gives physicians an effective weapon against a very uncomfortable and potentially serious disease.

"Although mumps has often been a cartoon and joke subject, it is a disease that can have serious complications," Dr. Pulley said. "Adolescent and adult males who have mumps may suffer permanent sterility or other complications as a result."

The most important use for the newly licensed vaccine is for adolescent and adult males who have not already had mumps, and for susceptible persons likely to be exposed to the disease.

It is not currently recommended that the vaccine be given to infants and young children on a routine basis. Those wishing advice on the disease and the vaccine, should ask their personal physician, Dr. Pulley, concluded.

## S/Sgt. Frank Hill In Vietnam Airlift

Staff Sergeant Frank L. Hill, son of Mrs. Alma Hill of 910 Fillmore St., Albany, played a vital role in the recent 10,000-mile airlift of 101st Airborne Division units to Vietnam—the largest and longest aerial troop deployment in history.

Sergeant Hill served during the airlift as an air traffic controller at Bien Hoa AB, Vietnam, directing the landing and takeoff of 372 aircraft.

In the airlift, units of the 101st—the famed Screaming Eagles—were flown from Ft. Campbell, Ky., to Vietnam.

During the six-week deployment—dubbed Operation Eagle Thrust—Military Airlift Command C-141 Starlifters and C-133 Cargomasters carried more than 10,000 troops and some 5,000 tons of equipment into the combat zone.

For the sergeant and other members of the 187th Communications Squadron at Bien Hoa it was a busy time. He said, however, "In spite of the increased work load, the entire operation was handled without interruption to our normal operation of handling combat and cargo aircraft."

Sergeant Hill, a graduate of Albany High school, attended the University of Colorado.

His wife, Claudia, is the daughter of Mrs. Erma Gardner of 5718 South 1900 West, Roy, Utah.

**SCULPTURE BY THOMAS AT ALBANY LIBRARY**  
Ten sculptures by Michael S. Thomas are on exhibit at the Albany Public Library, 1216 Solano Avenue, during the months of January and February.  
Michael Thomas' work has caught the attention of art critics. Alfred Frankenstein of the San Francisco Chronicle, reviewing the opening show at the Blackman's Gallery, wrote:  
"... Both these men (sculptors Don Patton and Michael Thomas) are extremely skillful carvers of wood, marble, and more rugged stone. Both have obviously received inspiration from African Negro sculpture and the European cubist sculpture which was influenced by the revelation of Negro art in Paris half a century ago. But both are strong and original designers, and they are no mere adapters of a racial tradition."  
Commendation and photographs of his work appeared also in a feature article of "Urban West," issue of November-December, 1967.  
W. O. Thomas, Jr., owner of Blackman's Gallery, 619 Haight Street, San Francisco, commenting on the caliber of the Negro artist in the San Francisco area, observed:  
"Technically, their work stands beside any in the country today. These young men, whose talents seemed to have escaped the notice of the entire system, find that they are obliged to work as mail-handlers, bus drivers, car washers and at odd jobs to eke out a living. These artists have a divine right to live by their art."  
Michael Thomas resides in Canada, but his work may still be seen at the Blackman's Gallery.  
Also shown at the Albany Library during the month of January: paintings by the distinguished Oakland artist, Robert Elsocht.
